

Due to Go Inactive - 2020 Academic Year

The following courses are due to go inactive as they have been dormant for at least two academic years. Inactive courses no longer appear in the catalog and cannot be taught without going through the UCC approval process to be added back to the catalog. The full inactive course policy can be found on the UCC website. To remove a course from this list and have it remain dormant, email catalog@uidaho.edu no later than October 1, 2020. To return a course to active status in the catalog, please go through the normal UCC process.

That deadline is also October 1, 2020.
